

# How to get to the limousine bus from Incheon Airport to Koreana Hotel

## Step 1. Purchase the bus ticket

Go to Exit 4.

On the right side of Exit 4, there is a ticket counter for the limousine bus.

Here is a close-up of the bus ticket counter. Although the sign says “Korean Air”, you can buy a ticket regardless of the airliner that you used.

Buy a ticket for **Bus number 6701**, which goes to Koreana Hotel.

## Step 2. Get on the bus

Go outside Exit 4, and it will look like as follows.

On the leftmost side, there is a post for Bus number 6701.

Here is a close-up of the post (Post 4A) for Bus 6701. You can check when the next bus is coming. Since the arrival time of the bus is already printed on the bus ticket, you do not actually check the arrival time at the post. But doing so may still help if Korean time zone is different from yours.

Wait for the bus, which will arrive anywhere in the area indicated below.

The bus will arrive at the scheduled time. The bus has a destination sign changing as follows.

Show your ticket to the bus driver. If you have large luggage, ask the driver to store it underneath the bus. Beyond the Incheon Airport, **the first stop will be Koreana Hotel.**
